## Getting here by Train:

Catch the train to Flinders Street Station and walk across the Southgate footbridge over to Southbank. Whilst on the footbridge, look straight ahead, you will see the Exxon Mobile Building (this will be the first building you see).

**LHH** Turn right onto Southbank Promenade and walk along the Yarra River heading towards the Casino. When reaching the Noodle House, please turn left, follow the walkway, and enter from Riverside Quay end of the building.

## **P** Getting here by Car and parking:

We suggest that you park your car at Crown Casino and walk along the Yarra, crossing Queensbridge Street. Keep walking along the Yarra (past Sandridge Bridge) until you reach the Noodle House, turn right, follow the walkway, and enter via Riverside Quay entrance.

The other parking alternative is the Mirvac Riverside Quay Car Park located directly in front of our building in Riverside Quay. You will see the Mirvac sign as you approach. The entrance to the building and the lifts is off Riverside Quay.
