

Profile

Tom Brockhurst **State Manager, Victoria**

Specialisations:

- Training & Development
- Strategic Planning & Organisational Development
- Organisational Change & Business Process Realignment
- Entrepreneurship

Experience & Clients:

Tom has extensive experience as a business manager and owner, most recently as the founding director of Solutions Training Consultants, a company specialising in vocational training. His client base included a diverse range of corporations and government organisations to whom he provided training and development consultancy services, including the assessment and selection of training providers and delivery of relevant, cost-effective, and high quality training programs.

As State Manager, Victoria, Tom is responsible for management of the Victorian business, which includes customer relationships management, business development, and profit and loss responsibility, ensuring the efficient operation of the business and effective delivery of career transition and coaching services by a team of highly trained and experienced consultants.

Qualifications:

- Graduate Diploma of Business Administration, Swinburne University of Technology
- Bachelor of Mechanical Engineering, Swinburne University of Technology, Melbourne
